

# The Mayor's 4th Annual Grand River Clean Up

## October 6, 2007

### 10am-12pm (registration from 9-10)

### @ 6<sup>th</sup> Street Park

Do you live or work in Downtown Grand Rapids? Do you appreciate the scenic views of the Grand River, or enjoy walking along it during your lunch break? Maybe you don't live or work downtown but understand what an important natural resource the Grand River is.

If so, we need your help! Every year, significant amounts of trash are dumped along the Grand River, destroying this vital resource. Keeping it clean helps discourage individuals who might consider dumping their trash.

Just a couple hours each year really makes a difference. We have already removed more than 15 tons of trash in three years! Please help us keep this effort going.

If you or your group would like to volunteer, please contact Shawn Wessell at 451-3051 or email at [swessell@wmeac.org](mailto:swessell@wmeac.org).

We will provide:

- Clean-up supplies (trash bags, gloves)
- Snacks & refreshments in the morning
- T-shirts
- Pizza in the park afterward

*The Mayor's 4th annual Grand River clean up is hosted by the City of Grand Rapids, the West Michigan Environmental Action Council (WMEAC), and the Grand Rapids Young Professionals (GRYP)*
